

Backend Software Engineer (m/f)

Belgrade, Serbia

3AP (As Agile As Possible) is a young agile software development company from Switzerland, with offices in Zurich & Belgrade. We have more than 10 years of experience in agile practices and through our unique “Rapid Application Delivery Framework” we managed to build a synergy between agile software development, client demands and innovation and to bring some new and technologically advanced solutions to market.

In 2018, we want to continue with our growth and add even more value to our clients. Therefore, we would like to expand our Belgrade office and welcome highly motivated candidates to join our team.

Want to become a part of the team that is changing the way people are experiencing the world today? Send us your CV in English at careers@3ap.ch.
