

Frontend Developer

Belgrade

We are a young & professional agile software development company from Switzerland, with offices in Zurich, Belgrade & Kruševac. With our unique "Start-up in a box" approach we support our clients in launching digital innovations and help them to successfully run their digital transformation.. Are you ready to work with us on further innovative projects and to advance the digitalization of Swiss clients?

We are looking for a communicative team player who understands frontend, enjoys dealing with clients and is especially passionate about programming.

Do you also have the following skills or at least some of them? ...

- FE stack (e.g. React, Angular, Vue)
- Agile Development Methodologies (Scrum, XP, Kanban)
- Fluent English (oral and written)

...then we are already looking forward to your application: careers@3ap.ch

(We know that email applications and pdf job ads are old-school, but don't worry, we are working on that ;-))

Haven't applied yet?

Check this out:

- Be part of a growing modern company with exciting ideas for the future
- Experience interesting and challenging projects
- Work with the latest tools and technologies (e.g. Docker, K8S, Machine Learning, Spring Cloud, Cloud Native)
- Have fun in a professional work environment with lean processes & an open-minded corporate culture
- Enjoy a flexible and working atmosphere in our cozy offices with an amazing view
- Take part in team buildings, conferences, trainings and events - we want you to evolve with us
- Possibility to travel abroad (remember, we are Swiss based company) ;-)
- And last but not least, enjoy a competitive salary and also some nice benefits

We think this is enough for the beginning, let us keep something for a personal interview. ;-)

*gender doesn't matter, as long you are good ;-)
